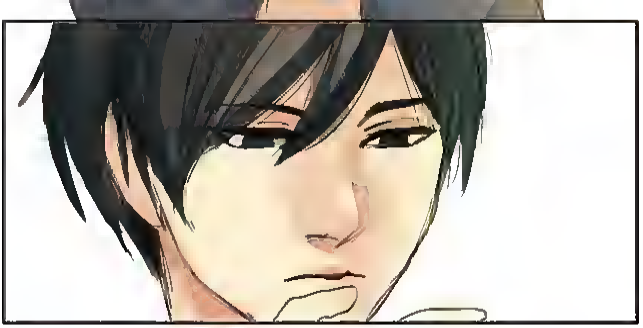
A dream...
No, more
like a
nightmare.



Or perhaps it's just reality sinking in again...

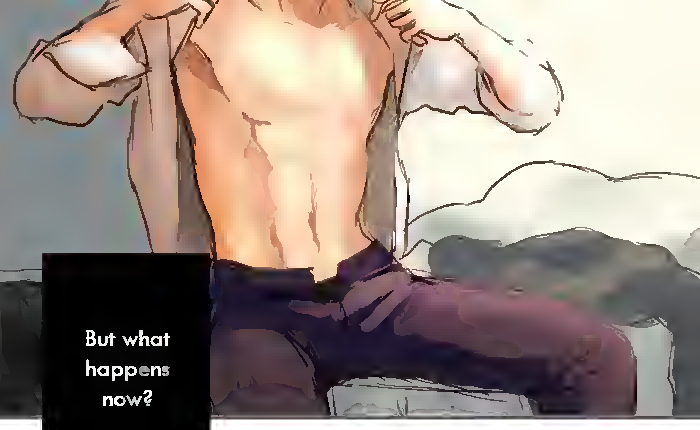
Overslept.
We kissed last night
...



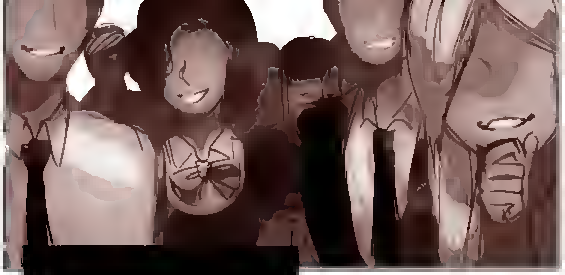
But what happens now?

I've never dated a girl from school before, let alone

attempt a *serious relationship* with one.

Yawn~

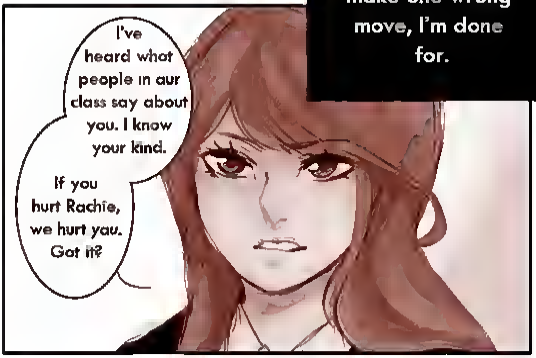
But if people find out we're together, they'll all start talking.



They won't hesitate to spread rumors about her. They'll *crush* her... and I'll only be dragging her down with me.

Not to mention

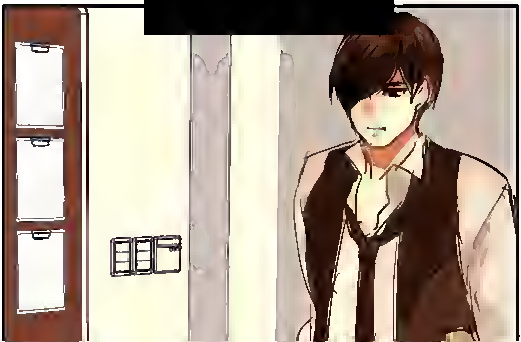
that the rest of the SC is already wary of me. If I make one wrong move, I'm done for.



Perhaps, I rushed

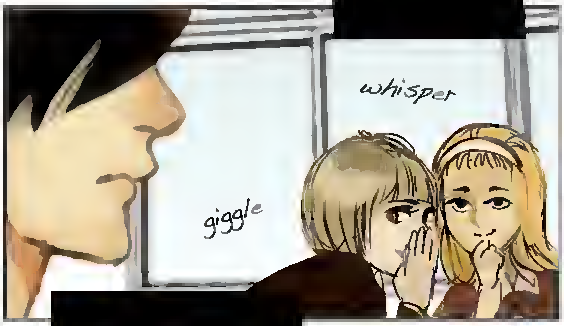
into this too quickly... I hadn't completely thought it through.
Everyone, please get into pairs as I go over your next project

It's not that I regret what had happened yesterday; She's all that I've been thinking about.



However...
As much as I want to be happy, I get the feeling this happiness is only transient.

my office after class.



She's endured enough problems as it is. I wouldn't want to put her through that kind of torment too.

...So what do I do now?

How am I supposed to

protect her if I'm also the source of the problem?

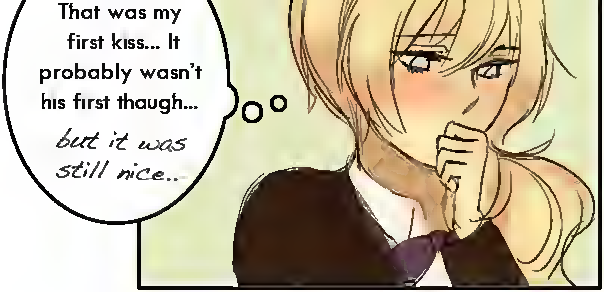
Since I finished putting all thase up, I guess that makes me off SC duty early!
I should prabably return these

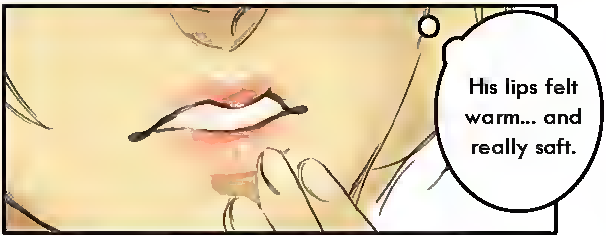
supplies first though.

I wonder what Dindin is doing right now.

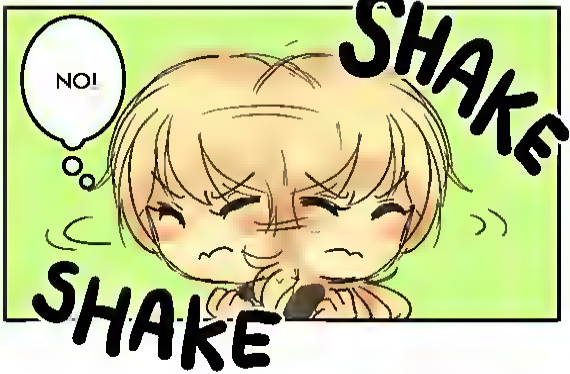
STOP!
Ack-- What am I thinking?!



That was my first kiss... It probably wasn't his first though...
but it was still nice..



His lips felt warm... and really soft.



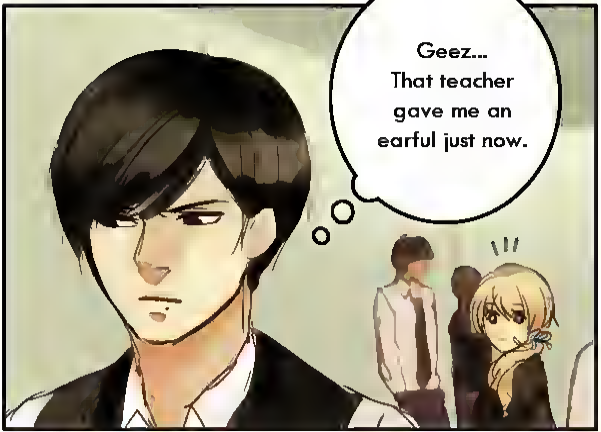
NO!
SHAKE
SHAKE

Why can't I get it out of my mind?! I'm

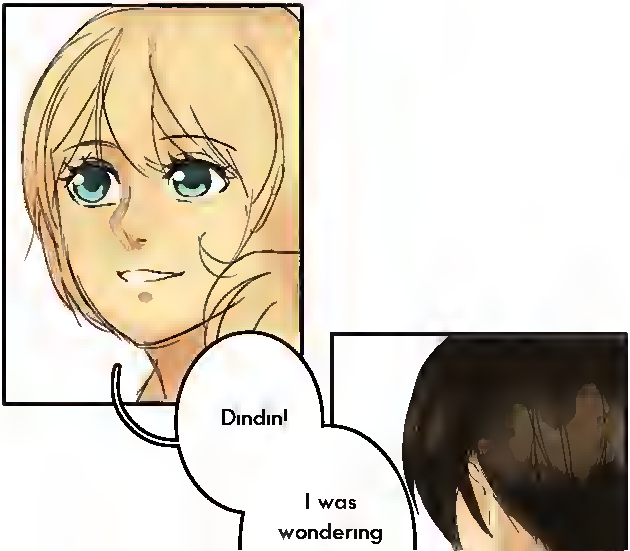
not actually a pervert, am I...?

Ahhhh

So...
He's not in the junior classrooms...
Where could he be then? Maybe I'll check the library...



Geez...
That teacher
gave me an
earful just now.



Dindin!
I was
wondering

where you were--

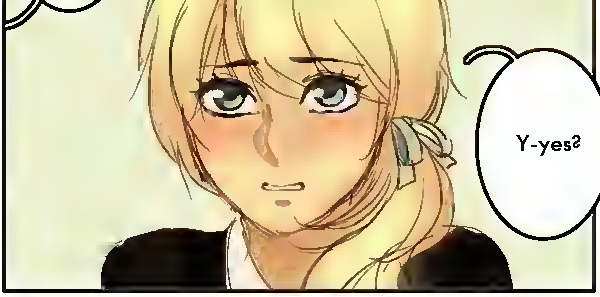
Ah...

S-sorry...
...Was I getting too ahead of myself just now?

Hey.



Y-yes?

Can we talk somewhere private?
